President's Message

I am excited by the possibilities for this next year. Russell Shipley will be a hard act to follow. He is truly one of the most dedicated and hard-working people I know. The Chapter owes him a big one for all his efforts on its behalf.

And what about out start out the gates in July? Our Lecture on July 9th highlighted the new Accounting Program at Emporia State University. What a tremendous change they are making; and what a difference it will make to their students and to the Accounting profession.

I just have to take some space to talk about the incredible presentation by our own **Abby Moore**, Chair of Community Service this year. She made a presentation during the July 9th lecture, talking about the Community Service Program for this year, the Loose Change Program, and signing up those donating for a gift which she gave out at the end of the Lecture. What a first class act! She was prepared, organized, enthusiastic, and fun. What a great addition to our Board!

Professional Lecture Series

We are planning to move the Lecture for August to the third week to avoid the conflict with ASTRA. I hope that doesn't cause you problems.

We are excited to have Bernie Hayen back with us this year. Bernie has presented in the past on the topics of Ethics and Fraud using real-life issues and problems to make his points. I hope you can attend—Bernie always makes a great presentation so I know you will enjoy the opportunity to meet him once again.
