

Employment Opportunity with the State of Kansas

As the audit agency of the State of Kansas, Legislative Post Audit is responsible for doing, or contracting for, most of the State's financial audit work. The person who has been our Financial-Compliance Audit Manager for more than 25 years is retiring and we are seeking a qualified replacement.

FINANCIAL-COMPLIANCE AUDIT MANAGER

The state audit office in Kansas is looking for a licensed CPA with recent public practice experience to oversee the office's contracted audit work, including the Single Audit. This is a Topeka-based, management-level position located within the legislative branch of government that contracts all its financial-compliance audits.

Primary duties include developing and administering audit contracts, reviewing the work performed, and conducting or supervising some in-house compliance or control-related audits. Experience performing GAGAS financial audits required. Experience with conducting or overseeing the Single Audit in some capacity preferred. Familiarity with state government operations a plus.

Salary up to \$85,000, commensurate with experience. Good benefits package.
